Significant innovations for you and your customers

We are delighted to inform you that as of the beginning of this year, all our cement-bonded particle board complies with *Fire Protection Classification A2-s1, d0 (non-flammable) according to DIN EN 13501-1*. Thus, we can offer you and your customers a higher quality product at the same prices.

Our request to you:

The designation B1 no longer appears in our item descriptions. The standard product is now called *Amroc-Panel*. Thus, please amend your master data accordingly.

All current documents can be found in our download area:
<https://info.amroc.de/de/>

SCAN ME

Another innovation for our products is the Environmental Product Declaration. In accordance with ISO 14025 and EN 15804:2012+A2:2019, we now comply with all requirements. Our registration number is S-P-07427.

Would you kindly inform your customers of this amendment/innovation?

Many thanks!

The team at Amroc Baustoffe GmbH
